Career Summary

Computer Science graduate specializing in AI with hands-on experience in Java, Spring Boot, REST APIs, MYSQL, and SQL. Strong Foundation in OOP, Data Structures & Algorithms, and backend development, with a passion for learning and building practical Software applications.

Education

Bachelor of Technology – CSE (Artificial Intelligence) 2022 – 2026
Parul University, Vadodara **CGPA: 7.31**

Intermediate (MPC) 2022
Gayatri Junior College, Srikakulam **80.90%**

Secondary Education (SSC) 2020
Vivekananda Public School, Palasa **61.66%**

Technical Skills

- **Programming Languages**: Java, SQL, Apex
- **Database:** MySQL, MongoDB
- **Frontend:** HTML, CSS, JavaScript
- **Backend:** Spring Boot, REST APIs, Spring Data JPA, Hibernate
- **Core Concepts:** OOP, Data Structures & Algorithms, Machine Learning Fundamentals
- **Tools:** Git, GitHub, VS Code, Maven, Postman, Swagger/OpenAPI, Salesforce CLI
- **Salesforce**: Lightning Web Components (LWC), Flows

Projects

Employee Management System

Java | Spring Boot | MySQL | JPA | REST APIs

- Developed a RESTful application to perform **CRUD operations** for employee records.
- Implemented **DTOs, validation, exception handling, pagination, and sorting**.
- Added custom JPA queries and tested APIs using **Postman and Swagger/OpenAPI**.

Student Performance Prediction System

Python | Flask | Machine Learning | SQLite

- Built a web application to predict student performance using academic data.
- Trained a **Random Forest** machine learning model and integrated it with Flask.
- Developed a dashboard to display prediction results and performance insights.

.

Certifications

- Database and SQL Certification – Infosys Springboard.
- Machine Learning – Coursera Topics: Supervised Learning, Regression & Classification.
- IoT Club Workshop Certification - Industrial & Practical Exposure.
- NPTEL Certified in Theory of Computation and Computer Networks & Internet Protocols.
